JOIN THE W.A.V.E. HACKATHON !

Wood professionals (producers, users, builders, specifiers...), PhD students, students... join us to collectively **enhance the competitiveness of the Wood sector in the Greater Region!**

THE OBJECTIVE OF THE W.A.V.E. HACKATHON?

To collectively create innovative projects to improve the traceability of wood materials:

- Combine everyone's expertise and experience;
- Draw inspiration from existing projects;
- Network, collaborate, and co-create solutions tailored to the local economy.
